

PLACEMENT COMMITTEE GUIDELINES

1. Every effort will be made to give each member her first placement choice. Fundraisers will be placed first; Projects second; Standing or League committees third.

2. Realizing that each member's situation is unique and varies from year to year, the Placement Committee will consider each member's obligation on an individual basis. The final decision will rest with the Placement Committee. Several factors will be considered in the decision making process. For example, consideration will be given to prior placements, outside league activities/experience and personal circumstances.

PLACEMENT FORM

Name _____
